

Building the Skills and Habits of Independent Study

KNOWING more and REMEMBERING more

Revisit

Revise

Building the Skills and Habits of Independent Study

Revise

Within a session:

1. Summarise and process the information
2. Test yourself on the information from memory (retrieval)
3. Practice applying the knowledge

Over time:

1. Regularly and continually come back to topics
2. Continue to test yourself from memory (retrieval) and to apply
3. Try to build links between and across subjects
